### **What's new:**

**- Part One: Okay, now, where to begin with this. I've had this on the back burner for a couple of months, but every time I sit down to write up something (or in some cases, stand up from the couch) it's been pushed back even farther. It's telling of the combination of two things. First, I love playing the system better than DMing it. The other factor at work is a whole load of other stuff that had to happen in the past few months. I took most of May to drive to Kentucky to move into a much better school's housing. I drove back through Tennessee after it was announced that my alma mater had been struck down and looted its funding. I was managing a rather rebellious group of teens (mostly young women with low testosterone levels and their damsels in distress) and**

I spent my own birthday with my wife being overcome with love (in a hospital with her under an IV, but we got major moneys and it counts!), my Spring Break was spent with family in a very relaxed way (as long as we don't talk much), and I was selected for the ACES\* committee that received a "don't call us, we'll call you" threat at the fall convocation. Also, the D&D information booth at PAX came through. In other words, the guy who can't wait to join the PLT was busy. Then along comes Gnashing Teeth! We are (obviously) very enamored with D&D. Eileen is the main mover behind the campaign, having been the Dungeon Master for D&D Unleashed in Detroit from 2012-2014 and was one of the players for Adventurer Season 4. We have been doing a long-running game of D&D 4E AD&D out of Vision N Games in Columbia, Missouri. I started gathering together the materials and putting together a skeleton of a campaign. I put my character sheet on Facebook and it must have clicked some sort of a lightbulb about how to do this "returned

What's New in This Version: - We have added the option to read on-screen hints! Simply press the Hint button, and the narrator will speak the next clue. If you prefer to just read it yourself, there is also an option for this in the options menu now. - We have added support for resolutions up to 1920x1080.Q: CiviContribute: Organizers and venue I am using CiviContribute (version 4.6.0) and Civi 4.7.7. I have the following problem: organizers and venue are shown as "undefined". And when I add donations to an event the "CiviContribute" field is a "CiviContribute - No permissions" field. My questions are: Do I have to set permissions somewhere? Can I stop CiviContribute to try to analyze the connection to the venue and organizers? Sorry for my bad English. Best, Mrs. T A: It's not obvious from the UI, but you need to make sure you check the "Match contribution settings" checkbox. If you don't, it will see the contribution settings from the previous contribution, and not the settings from the new contribution.
